

SOCIALISTIC DOCTRINE PROPOUNDED

By Eugene V. Debs to a Large Crowd at Arion Hall Last Evening.

HE EXPLAINS HOW AN UTOPIA

Can Be Established in This Country. Would Make Radical Change in Present Conditions.

Eugene V. Debs, candidate for president on the Social Democracy ticket, addressed a large audience at Arion hall last night. Most of his hearers were of another political persuasion, however, attracted out of mere curiosity. Seated on the stage were the men prominent in socialist circles in this city. Mr Debs' eloquence is well known and this fact alone was sufficient to attract a large crowd. He advanced nothing new along the line of socialism. Harry Leeds, the local socialist, acted as chairman of the meeting. He said they represented a body of workmen whom strikes and lockouts had almost taken away their rights as American citizens. He said they were an embryonic party and they needed funds. He asked the audience to contribute to the campaign fund and before introducing Mr. Debs the hat was passed around the audience for contributions. Mr. Leeds introduced Eugene V. Debs, who was applauded as he stepped to the front of the stage.

Mr. Debs began by saying that a mighty social revolution was in progress. The world was gradually becoming co-operative instead of competitive. The social demoralization of the world was passing away. He would not appeal to the prejudice of his auditors. His sole purpose was to appeal to their reason.

Becomes a Savage.

Years ago the United States was not bothered with over-production. Man is a tool-using animal. Deprive him of the tools which he works and he becomes a savage, he is helpless. This tool has become a ponderous machine that has cost hundreds of dollars. If men are fit to be political equals they are fit to be economic equals and they are fit to be social equals. This question is understood by the dominant capital class of this country.

No power on earth can arrest the centralization of power. The trust is the modern tool of destruction and it cannot be destroyed. It is not an evil but simply a perverted good. The socialists will convert this question into a blessing by taking it and operating it to the good of the people.

"Both the Democratic and Republican parties are in favor of ownership" said Mr. Debs. The corporation has had full sway and it has controlled every act of this government. The economic master has in every age been the political ruler. That class is not the working class, it is the capitalist class. Have you ever heard of a governor calling out a state militia to shoot capitalists? Have you ever heard of capitalists using an injunction against a workman to keep him from robbing him?

Self-interest is the main spring of human action. What is true of nations is true of individuals, because the nation is the composite individual. Mr. Debs then stated that both the Democratic and Republican parties were capitalist parties and obscured the real issues. He took the Democratic party to task for its ever changing issues. Political equality was rooted in economic freedom. He said if he was a corporation and a man depended on him for employment that man was a slave.

Capital Versus Labor.

The capitalist class own all the machinery. They didn't make it but they owned it. Your life depends on the tool of production. Your wife and child depend upon it. The workmen have dug all the mines in the country and yet not one of them own a single dollar's worth of stock in any one of them. The workmen of this country have built all the railroads and all of them do not own a single spike in any one of them.

Mr. Debs proceeded to pay his respects to this paper and said this paper and himself understood each other.

Continuing, Mr. Debs said the workmen secured only one-fifth of what they produced. Had not the workmen long since organized they would have been reduced to atoms. The parties say, "Don't appeal to the class." I didn't make this class. They have been produced by the present conditions. Are you in the same class with Mr. Carnegie and Mr. Rockefeller, whose salaries are thousands of dollars per day? Mr. Rockefeller don't work, does he? He works those who do, don't he?

I am for the principle that gives the laboring man the full wealth of what his labor produces. The producing power of one man has increased twenty-four in the last fifty years. The workingman of to-day no longer controls the tools with which he works. That tool is controlled by the capitalist for his own profit. Production is limited by consumption. And consumption is limited by wages.

We are told we are prosperous. How many of you have a thousand dollars in the bank? A man who has a thousand dollars in the bank is a poor man and you are not even a poor man.

Mr. Debs said if he were elected he would change the system of private ownership to a system of collective ownership. The four-fifths of a man's labor was divorced from him. The market is glutted with this and it is called a panic. He predicted that there would be a panic within the next three years whether Bryan or McKinley were elected. He said many of the mills were now closing down. It would only be a short time until we would have over-production based upon under-consumption. When this condition came he said he wanted his hearers to know that was what they voted for.

WHAT IS OVARITIS?

A dull, throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with an occasional shooting pain, indicates inflammation. On examination it will be found that the region of pain shows some swelling. This is the first stage of ovaritis, inflammation of the ovary. If the roof of your house leaks, my sister, you have it fixed at once; why not pay the same respect to your own body?

You need not, you ought not to let yourself go, when one of your own sex holds out the helping hand to you, and will advise you without money, and without price. Write to Mrs. Pinkham, Lynn, Mass., and tell her all your symptoms. Her experience in treating female ills is greater than any other living person. Following is a letter from a woman who is thankful for avoiding a terrible operation.

"I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary."

Mrs. ANNIE ASTON.

"Lydia E. Pinkham's Vegetable Compound having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My entire system was toned up, and I suffered no more with my ovaries."—Mrs. ANNA ASTON, Troy, Mo.

POLITICS.

Every night to and including the eve of election the Republican marching clubs will be engaged. This applies especially to the Rough Riders, who have been indefatigable in campaign duty, and can't get enough to do. Now that the entire remainder of the campaign is filled with work for the clubs they will doubtless be satisfied. The functions which will call for the appearance of the Rough Riders and other Republican marching clubs are as follows:

Thursday night, October 25—Escort to the Swett meeting in North Wheeling.

Friday night, October 26—Escort to the Edward Payson Brown meeting at Arion hall.

Friday night, October 26—Benwood demonstration, with Hon. A. B. White as the principal speaker.

Saturday, October 27—Great Republican barbecue at Wheeling Park.

Monday night, October 29—Rough Rider demonstration on the Island.

Tuesday night, October 30—Martin's Ferry demonstration.

Wednesday night, October 31—Rough Rider demonstration in South Wheeling.

Thursday night, November 1—Escort to Hon. Charles Emory Smith.

Friday, November 2—Rough Rider demonstration in North Wheeling.

Saturday, November 3—Trip of Wheeling marching clubs to Pittsburgh or Sistersville.

Monday, November 5—Grand closing demonstration by Republican marching clubs.

Island Demonstration.

The Island Rough Rider demonstration, similar to that of last evening in East Wheeling, will occur next Monday evening. The several Rough Rider companies will assemble on Chapline street, right resting on Eleventh, promptly at 7:30 o'clock. The other marching clubs, including the Six Footers, Travis Cadets and Elkins Cadets, are invited to participate. The clubs will march over the steel bridge, and will be met by Company C, of Madison district. The following line of march will be followed: On Penn to Zane, on Zane to Huron, on Huron to Cromwell; counter-march on Huron to Zane, on South Huron to Virginia, on Virginia to Penn, on Penn to Fair Grounds, on Fair Grounds avenue to South Front street, on South Front to Virginia and disband.

The Martin's Ferry and Bridgeport clubs are cordially invited to participate in this demonstration, which is the only one of the campaign on the Island. Island residents, especially those along the line of march, are asked to decorate and use red fire.

The Swett Meeting.

The Republican mass meeting to-night in North Wheeling will be held in the wigwam, corner of Sixth and Main streets, owing to the orator of the evening being unable to speak out of doors. The meeting has been advertised to be held out of doors, but the change to the wigwam is compulsory. The principal speaker will be Hon. E. C. Swett, of Maine, a former Democrat, who comes heralded as a good speaker. He made a fine impression at Benwood last night. The chairman will be Councilman W. T. Otto, with the following vice presidents:

J. M. Bailey, Joseph Marshall, James Keller, W. H. Gill, George Gundling, John Franz, George Otto, Robt. C. Gauding, Wm. Hartenstein, George Zeecker, Edward Elliott, Charles Becker, M. McGonaghan, William Mayer, William Hest, Henry Hoffman, Conrad Appel, Robert N. Harper, Rev. C. R. Graham, James Hendley, Dr. L. H. Kierney, Fred Schaff, Henry Serie, Samuel Swaine, Edward McClatchy, Eugene St. Myers, Clark Wells, John Daugherty, George Jruha, Frank Kugler.

Preliminary to the meeting the Rough Rider regiment will figure in a demonstration on the streets and escort the speaker to the place of meeting. The Rough Rider regiment and other marching clubs will assemble on Chapline street, right resting on Eleventh, promptly at 7:30 p. m., and the line will move at 7:45, the route a short one to the North End.

To Rough Riders.

The Rough Rider regiment, or part of it, will have double duty on Friday night. Companies B, C, D and G are to assemble on Chapline street, right resting on Eleventh, at 7:15 p. m., and will escort Hon. Edward Payson Brown to Arion hall, where he addresses a mass meeting. Upon completing this duty, the companies named will board cars for Benwood, where they will participate in the big demonstration on the occasion of the White-Shanor meeting. The other Rough Rider companies and

marching clubs are excused from escort duty for the Brown meeting, and will take cars direct for Benwood.

Saturday's Barbecue.

Preparations are going on apace for the great Republican barbecue at Wheeling Park, on Saturday afternoon and evening, under the auspices of the Republicans of Triadelphia district. All the indications are that the affair will eclipse its successful predecessor of 1899 by long odds, if the weather is fair. The '96 barbecue attracted 7,000 people, but some of the more enthusiastic Triadelphians are predicting that this year's barbecue will bring out a much larger attendance.

The barbecue proper will begin at 12, and food will be served until 1 p. m. The afternoon speaking will begin at 2 o'clock in the Casino, and if there is an overflow, another meeting will be held outside, with addresses from the band stand. Food will be served in the evening from 6 to 8 o'clock, after which the night speaking will take place. The following vice presidents will occupy seats on the stage:

Charles Lincoln Smith, The Famous New York Optometrist Again Visits Wheeling.

It is with pleasure we make the announcement that this reliable specialist is to remain at the McLure this week. Consultation costs nothing, and aided as he is with the finest scientific instruments and ophthalmic apparatus, together with his skill and twenty years experience, using the latest methods, has acquired the most standing and prestige which few reach.

One of the most successful eye experts, a recognized authority in optometry. Your eyesight is precious, more valuable than any of the other special senses. He gives attention to "errors of refraction." Most people wear glasses that fall to correct the last named trouble. You may know so if

you have blurring, dizziness, neuralgia, headache, spots before the eyes, inflammation, granulations, winking, trumbling spells, catarrh, burning and smarting of the eyes, various nervous and brain affections, entailing not only positive injury to the sight, but untold misery.

Charles Lincoln Smith will be at the McLure Hotel private parlors, Nos. 9 and 10, this entire week—Thursday, Friday and Saturday. Consultation absolutely free.

Do not trifle with your eyes, as lost sight never returns. Remember it costs no more to employ a first class expert than it does to risk your vision with inexperienced hands.

Will be at the McLure, Wheeling, W. Va., October 25, 26 and 27. Office hours—10 to 4.

Saturday morning, and will be warmly greeted by Col. Morris Horkheimer and other friends in Wheeling. He will be quartered at the McLure. Mr. Wolf, it will be remembered, was one of the last appointees of President Garfield in 1881, just before the assassination, being given the consul generalship to Cairo, Egypt. Of a recent speech of Mr. Wolf's in Wilmington, Del., the News of that city says editorially under the head, "Good Man to Follow":

When men like Mr. Simon Wolf, of Washington, who spoke in this city on Wednesday night to a large audience, rally to the support of the Republican party and endorse its principles, the country is safe. Mr. Wolf is known as a man of unquestioned integrity, of education, keen intelligence, familiar with the political history of the world, and a staunch friend of the poor everywhere. He is a man whose life is beyond reproach and one who represents the highest grade of Americanism. He is a lover of his country and a defender of only those things he considers right.

In his speech on Wednesday night he replied to the "anti-imperialist" argument of his personal friend, Mr. Carl Schurz, in a kindly and positive way. He treated Mr. Schurz generously, yet did not hesitate to question his attitude at this time. What Mr. Wolf had to say on the questions of the day were direct and to the point. He spoke as one who was familiar with his subject and he left no room for doubt as to his sincerity and his earnestness. He made clear that the administration had done its duty in all respects since the Democrats in Congress forced a war with Spain and thus brought about the conditions that now exist in the Philippines and elsewhere. Any man who was at the meeting on Wednesday night and was in doubt how to vote can rest assured that no mistake will be made in taking the advice of a stalwart American like Mr. Wolf.

Elkins Cadets.

The Elkins Cadets will hold a very important meeting to-night for the purpose of arranging to attend the demonstration at Martin's Ferry. Members of military organizations such as the Knights of St. George and the Knights of Pythias are invited to join the club and assist in making it one of the best drilled clubs in the state.

The Sectional Parades.

The success of the first of the sectional parades by the Rough Rider regiment, given last night, over East Wheeling streets, was flattering and lends interest to the three others, the dates of which were decided last night, and are as follows:

Benwood—Friday, October 29, South Wheeling—Wednesday, October 31, North Wheeling—Friday, November 2.

Rough Rider Officers.

All officers of the Rough Rider regiment, captains and lieutenants, as well as the regimental officers, will meet at congressional committee headquarters, to discuss matters of the greatest importance. Every officer should be present.

Washington Rough Riders.

Company B is called to meet to-night at its wigwam, at 7 o'clock, sharp, to take part in the Swett meeting escort. The company will meet Friday evening, at the same hour for the Brown meeting escort, and to participate in the Benwood demonstration.

No "Mother Hubbard" Parade.

The Rough Riders and other Republican marching clubs are agitating an abandonment of the "Mother Hubbard" parade by marchers of both parties the night before election. Instead, it is proposed to give a grand and final demonstration by the Rough Rider regiment and other Republican marching clubs. The suggestion is well received and will doubtless be carried out.

Brown at Moundsville.

Hon. Edward Payson Brown, of New York, editor of the Expansionist, addressed a big Republican meeting in Moundsville last night, expansion being his principal theme. The talk was a strong one, and was received with enthusiasm. Before the meeting there was a fine street demonstration, in which the Rough Riders and S. M. Steele marching clubs took part.

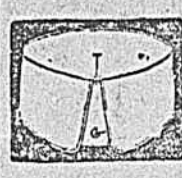

Swett at Upper Benwood.

The Republicans of Upper Benwood held a rousing rally last night, which attracted a large outpouring of the voters. The speech of the evening was by Hon. E. C. Swett, of Maine, a former Democrat, and it was a strong and eloquent exposition of the issues.

AMUSEMENTS.

Although there have been brilliant portrayals of Lady Macbeth in the past, those of Mrs. Siddons and Charlotte Cushman for instance, Madame Modjeska who is to appear in this role at the Opera House on Friday evening is the only really great interpreter of the character offered by either this or the last generation. To those who are not familiar with Modjeska's characteristics, it might seem that she has made some concessions to the modern sense of conversation, for her Lady Macbeth is not the traditional characterization of the part. It is not overdrawn in the least, there being less than traditional stress upon the wicked side of Lady Macbeth. All that may be conceived as human and womanly in the character is revealed, and her domination over her vacillating lord seems perfectly natural, and at times really modern, as depicted by the actress. And yet this is not a concession to modern taste. It is Modjeska. In all her career this great artist has been singularly studious, brilliantly intelligent and instinctively artistic. She is, in other words, a very womanly actress, and this quality impresses itself upon every effort she puts forth.

Mr. R. D. MacLean, who with Miss Odette Tyler, heads the supporting company, and who plays Macbeth in this production, is an actor of particular qualifications for this part. He has been long engaged in the classic drama. He has played most of the robust creations of Shakespeare. He has had the best of training for these roles. His Macbeth is described as a wonderfully strong impersonation being vigorous and proper in embodiment, strong and effective in vocality and keen and reflective in temperamental shadings.

The supporting company numbers more than forty people, and all of the important parts are in the hands of men and women selected with special reference to their fitness for this play. The play is put on in all its completeness, special scenery and costumes being furnished, and the original features, including much of the traditional music, have been retained. The cast is as follows:

Duncan, king of Scotland.....	Myles Sullivan
Macbeth.....	Mr. MacLean
Macbeth.....	Barry Johnston
Malcolm.....	Max Von Mittel
Sergeant.....	F. S. Lafferty
.....	H. A. Cassidy
